1

This Mercedes-Benz C-Class New Energy 2023 Model II C 350 eL was first registered in March 2023, and the mileage shown is only 28,800 kilometers. Its highlight configurations include tire pressure monitoring device, lane keeping assist system, lane departure warning system, ISOFIX child seat interface, automatic parking, automatic parking, keyless start system, etc. The interior is neat, the car machine functions normally, the air conditioning is powerful, the luxurious leather seats are soft and comfortable, and there are no obvious signs of use. The engine and gearbox are running well, the chassis is compact, the car is in excellent condition, the mileage is low, and there is no oil seepage or leakage. This is a personal first-hand car, maintained by a 4S shop throughout the whole process, a rare model with extremely high cost performance, and a value-preserving artifact. You can come to the store to see this car, support third-party testing, so you can buy it with confidence.
