If you like to call for consultation, the discount starts from 10,000 yuan. There are also different sources of cars. Sincere friends can negotiate the price at any time to see the car. Free test drive is welcome! This is a personal first-hand car. I usually pay attention to maintenance and the maintenance is excellent. All records can be checked! There are too many configurations, so I won't go into details. This car supports any 4S store and repair shop for inspection details. Welcome to the store to see the car! Good cars don't wait for anyone. If you are not satisfied with this car, don't worry. We have all the private car consignment and company second-hand car detailed information in Ningbo City. We have professional "assessors and vehicle condition surveyors." Shopping guides and sales staff will recommend you a car with a favorable price and good condition within the scope of the "year, price, style" and other conditions you proposed. You don't have to spend time blindly looking for vehicles one by one on the Internet and the second-hand car market. As long as you make a phone call, you can get all the information you want. The source of the car sold by our company: It has been inspected and confirmed by a third-party inspection agency, and the quality is guaranteed! "Refuse all problematic car sources" This car can be paid in installments. Our company currently offers a considerate installment plan: (1) As long as you pay 30% down, you can still drive your car home: ID card, household registration booklet, marriage certificate, simple procedures, whether you are a local or a foreigner, you can do the same. (2) If the loan amount is less than 100,000, we can also provide a fast track, only household registration booklet and ID card are needed to process it. (3) The down payment is only 10%-30%, and the interest rate is only 4% to 4.5%, so it doesn't matter if you are short of money. As long as you are sincere, we will also give you great satisfaction! When buying a used car, you must see the car before discussing the price. Everyone can sit together and bargain, which is reasonable. On the phone or WeChat, if you have not seen the real car, it will not stimulate your senses. Without meeting each other, there is no trust. How can you talk about the deal if you directly quote the bottom price? Only when you arrive at the store, see the magnificent store, see the shiny car, and then experience the pleasure of test driving, the surging and powerful engine sound strongly stimulates every sense of the customer. Have a cup of tea, have a chat, talk about feelings, chat about family matters, negotiate the price, and if it feels right, then it's done. The cars sold by our company: have been tested and confirmed by a third-party testing agency, quality guaranteed! "Reject all problematic cars" Our company promises:

to ensure the quality of every link from car source, testing, preparation, certification to purchase and after-sales with a rigorous attitude. Reject all water-damaged cars, accident cars, and mortgaged cars. In addition to being inspected by any 4S shop, the cars sold will also have possible serious problems such as the engine beam and water tank being free of water and fire, which will be specially noted when signing the contract. A good car is not afraid of any inspection and can be inspected by any 4s shop and third party. Even if they don't understand the car, they can guarantee that you will have no worries. If there is a problem, a full refund will be given.
